

# Virginia Wounded Warrior Program (VWWP)

## How can I help?

Virginia provided a limited amount of funding for the Wounded Warrior Program. The Commonwealth anticipates that its citizens will want to help. The Virginia Veterans Services Foundation is available to receive contributions to support the Program. **The Foundation is an agency of the state and is eligible to receive tax deductible contributions under Internal Revenue Service Section 170 (c) and Code of Virginia Section 2.2-2719.** Donations are placed in the Veterans Services Fund and cannot revert to the Commonwealth's General Fund. In this case, they only can be used for the Virginia Wounded Warrior Program. Donations to the Foundation are audited annually by the Commonwealth's Auditor of Public Accounts. This assures that the maximum amount of donations will go to our veterans and not to administrative overhead. Information about contributing is provided below.
